8/9/97

Dear Scott,

How nice it was for your children to make that large anniversary card for us! We both appreciate it much. "il has wrapped it with a clear plastic to keep it clean because we have no wall space for it and after we have it on a chair for those who come here to see we'll have to put it in the basement.

Please do thank them for us.

We also are glad to see what they look like. Nice, pretty kids.

The clippings are, as always, interesting.

I think Dexter King has made a big mistake, alas.

What Dorman reports about ARRB usually is not in the Wash. Post, so I'm glad to get that, too.

Many, many thanks and love to the kids,

Jack
